MONONGAH

Ladies' Aid Met.

The Ladies' Aid society of the M. E. church, south, met at the home of Mrs. Clarence Morris yesterday. After the business meeting adjourned delicious refreshments were served in the dining room. Covers were laid for fourteen. Those present were, Mesdames Mollie Jones, Laura Hixley, Janie Leonard, Lillian Fink, Sarah Martin, Emma Martin, Anna Robinson, Gay Boggess and daughter, Miss Margaret, Lenna J. Shaver, Nannie Nicholas, Mary A. Riggs, Thelma Kerns and Lizzie Morris. The next meeting is to be held at the home of Mrs. Millard Boggess on New Year's day.

Health Talk.

Major Butler and Miss Thornhill, U. S. health officials, gave a talk at the church in Thoburn yesterday to a large crowd of school children, teachers and parents. Miss Thornhill talked on caring for the teeth, after which she presented each child who did not have a toothbrush with a brush and tooth paste. Major Butler's talk on living and being healthy. To live is one thing and being healthy is another.

Interesting Talk.

Rev. A. A. Dye gave a very interesting talk at high school chapel yesterday morning, subject, "How to Resist Temptation."

Principal Out of School.

Prof. Hale, principal of Monongah public school, has been absent for the past three days on account of the

SHE SUFFERED
FIVE YEARS

Finally Restored to Health
by Lydia E. Pinkham's
Vegetable Compound.

Key West, Fla. - "For five years I suffered from irregularities, with terrible pains and an inability to do my housework. The doctor gave me different medicines but they did me no good. A friend advised me to try Lydia E. Pinkham's Vegetable Compound and I found it to be the best medicine I ever tried because it made me well, and I can now do my housework. I am telling my friends about it." - Mrs. J. M. CAMUS, 726 Caroline St., Key West, Florida.

Many women at some period in their life suffer from ailments peculiar to their sex and which in most cases may be readily relieved by this famous root and herb medicine, Lydia E. Pinkham's Vegetable Compound, just as Mrs. Camus found it helped her after suffering for years and trying everything else in vain.

If you have any annoying symptoms you fail to understand, write Lydia E. Pinkham Medicine Co., Lynn, Mass. The results of their 40 years experience in advising women on this subject is at your service.

JOYFUL EATING

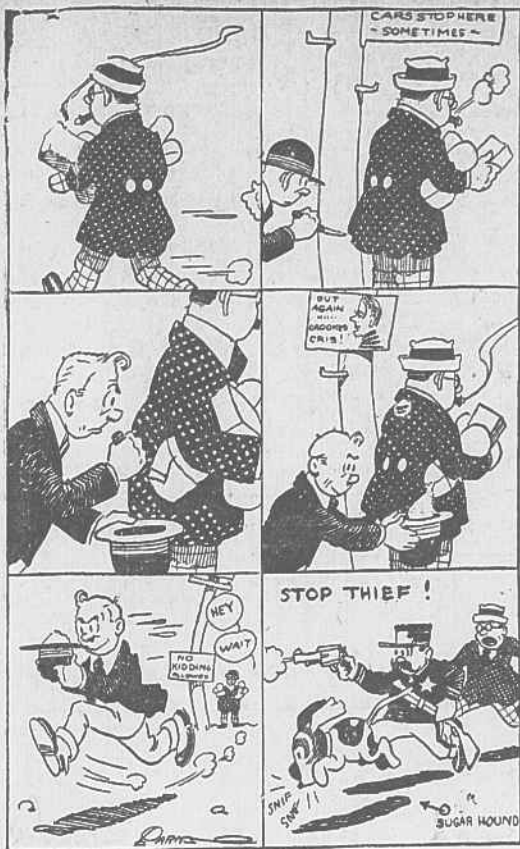

Unless your food is digested with out the aid of the joyful eating and living.

FLAME FROM BODY.

The treatment of the Electro-Medical Doctors in their Fairmont Institute, 312-313 Devery Bldg., (Cor. Main and Monroe Sts.), being so entirely free from sensation of electricity, many feel skeptical when told of the enormous voltage (from 20,000 to 100,000 volts) going through their body. In the above actual photograph an attendant has just set in flame a piece of cotton by touching the hand of a patient sitting in the electric chair. The patient cannot even feel the electric current.

Modern electrical treatments have no comparison with the old crude electrical batteries and shocking currents. At The Electro-Medical Institute the current that lights homes and runs street cars is used and is harnessed to the wonderful machine by which every jar and jerk is removed and it is then sent through the body as softly, smoothly, and pleasantly as a ray of sunshine.

While there is no sensation of the high voltage current going through the body, the patient may become aware of the force in the system by the doctor touching him and drawing out a string of sparks from any part of the body or igniting a sheet of paper from the body or even illuminating an electric globe whilst the patient holds the globe in his hand—all the time the patient feels nothing.

The effects of electrical treatments are marvelous and rapid. Relief can be given in one or more treatments whilst often a cure is accomplished in the milder cases in the same time. No force is so uniformly potent in relieving and eliminating human ailments as electricity in the hands of experts who understand the use of current. It is the only remedy upon which a human being can rely. It is positive and certain in action.

The diagnostic and treatment apparatus used at The Electro-Medical Institute in Fairmont is maintained in a drug laboratory for the benefit of their patients. The laboratory contains a wonderful store of remedies selected from the many systems of medical treatment, viz. Allopathy, Homeopathy and the Electric system. These are used singly or in combinations, according to the requirements of the disease or ailments treated.

The examination is the most important part of the proceedings when a sick person calls at The Electro-Medical Institute. The most delicate man, woman or child need have no fear either of the X-Ray or of the electrical treatment as they are harmless, painless and safe in the hands of experts.

Among the ailments treated at The Electro-Medical Institute are anemia, asthma, biliousness, bladder and blood troubles, bronchitis, bowel trouble, catarrh, cystitis, constipation, dropsy, deafness, dyspepsia, epilepsy, eczema, stomach gases, gall stones, gastritis, goitre, hysteria, headaches, heartburn, intestinal troubles, insomnia, kidney trouble, liver complaints, weak lungs, nervous debility, obesity, paralysis, psoriasis, rectal troubles, rheumatism, rupture, stomach trouble and other diseases of women and of men.

The office hours of the Electro-Medical Doctors are from 9 a. m. to 8 p. m. daily. Sunday hours are from 10 a. m. to 1 p. m. The Institute is located over Woolworth five and ten cent store, corner Main and Monroe streets in rooms 312 and 313.

FAMOUS DOCTORS TALK TO WOMEN

Every woman wants to thoroughly understand her organism and to know how to obtain perfect health, strength, clear complexion, good form and all womanly attributes which the world so greatly admires.

There are very few women of the present day who are not affected in some way. This is due to several reasons, namely, the very delicate structure of the female system which renders it especially liable to many diseases, the constant work and worry which occupies the lives of most women or social affairs with its weakening effects on the nerves which could not do otherwise than produce these diseases.

Every hour a sufferer neglects the treatment of disease, the nearer the case to the incurable stage, say the Electro-Medical Doctors.
